

# Neurofeedback Assessment

*Schedule Note: Breakfast is included from 7:30 - 8:30am each day  
There will be a 15-minute break during each morning and afternoon block*

**15** Continuing Education Credits

**1** Personal Training Session

## Day 1:

**7:30 – 8:30am**                      **Registration and Breakfast**

**8:30am – 12:30pm**

Welcome and Introductions

Evaluation overview: interview, QIK test, NF session, symptom tracking, treatment plan

Symptom profiles and basic Neurofeedback protocols

**12:30 – 2:00pm**                      **Lunch break**

**2:00pm – 5:30pm**

Practice session 1: Evaluation Interview with partner

Developing a neurofeedback treatment plan

Completion of assessment summary form

## Day 2:

**7:30 – 8:30am**                      **Breakfast**

**8:30am – 12:30pm**

QIK test demonstration

Practice session 2: QIK test - administration and report

Discussion of QIK results

Practice session 3: Symptom tracking

**12:30 – 2:00pm**                      **Lunch break**

**2:00pm – 5:30pm**

Starting sites and frequencies

Discussion of assessment summary and choice of starting protocol

Discussion of Treatment Plans based on interview, QIK reports and first NF session

Session notes

Practice session 4: Evaluation NF session: optimizing placement and reward frequency

## Neurofeedback Assessment Learning Objectives:

*Upon completion of this course you should be able to:*

### Day 1

1. Describe basic categories of dysregulation related to symptoms and Neurofeedback training options.
2. Conduct an interview with a new client to gain relevant information from the client and also to educate the client regarding the neurofeedback process.
3. Explain how information from the interview can be organized to understand the client's possible modes of dysregulation and propose appropriate neurofeedback training options.
4. Demonstrate administration and report generation of the QIK continuous performance test.
5. Discuss QIK test results related to the client's reported symptoms and challenges.

### Day 2

6. Explain the choice of starting sites and reward frequency based on information from the interview and QIK test.
7. Describe the observation of symptom changes during the first neurofeedback session and how that helps to optimize training and clarify understanding of the client.
8. Demonstrate setup of symptom tracking and options for collecting information in session or remotely.
9. Describe how to set up a neurofeedback treatment plan using client information from interview, QIK CPT and first session effects.
10. Describe the use of electronic or written session notes to document observations and clinical decision-making from session to session.

---

**Cancellation/Refund Policy:** Cancellations must be received 10 days prior to the workshop. Cancellations made within the 10-day period will be subject to a \$200.00 course materials and processing fee. If you cannot attend, a qualified substitute may attend in your place or you can choose to attend one of the other scheduled workshops. EEG Info reserves the right to cancel any event with due cause; a full refund will be issued for any registration fees or deposits paid. Attendees are also allowed to transfer to a future course.

**Contact Information:** To cancel your registration, sign up for a different workshop or have questions regarding this course, call EEG Info at 866.334.7878.

**Information for Special Needs Participants:**

This program will be accessible to individuals with disabilities, according to requirements of the Americans with Disabilities Act. Please contact EEG Info if you need further information or if you have requests for special needs participants.

**Continuing Education:** The course meets the qualifications for 15 CE hours of continuing education credit for MFTs and/or LCSWs as required by the California Board of Behavioral Sciences; provider #3628.

**Continuing Education for Psychologists:** This course is co-sponsored by Amedco and EEG Info. Amedco is approved by the American Psychological Association to sponsor continuing education for psychologists. Amedco maintains responsibility for this program and its content. 15 CE hours.

**Nurses:** Provider approved by the California Board of Registered Nursing, Provider Number 15652 for 4 contact hours.

**Satisfactory Completion:** Participants must have paid tuition fee, signed in and out each day, attended the entire seminar, and completed an evaluation, in order to receive a certificate of completion/attendance. Certificates will be sent after the seminar.
